### **REPORT OF OFFICERS**

**PRESIDENT:** I hope everyone has registered to vote in the upcoming election as registration closed yesterday. This coming primary election on August 7<sup>th</sup> is going to be one of the most important elections for years to come. It will determine who will fill elected positions in the local, state and federal level to represent us. Many people feel that their vote doesn't matter until the general election in November, but for all intents and purposes, whoever is elected in this upcoming primary will go on to win or lose the seat they are running for based on the make-up of their districts come November and, unfortunately, only a small percentage of the electorate even votes in the primary sometimes as little as 10-20% of the eligible voters. So when there are multiple candidates vying for the nomination of their party in the primary election, possibly less than 5-10% of the voters actually determine who will fill that seat and could possibly provide the other party the opportunity to win the seat if their own elected candidate is either too far to the left or too far to the right (example of extremist candidates).

On Monday, July 16 at the Hampton Inn-Livonia, located at 28151 Schoolcraft Road, Livonia 48150, there will be a one day screening event for Wayne County Commissioners. Screenings will start at noon and will be held every 15 minutes. This will be an opportunity for you to hear your prospective County Commissioner discuss issues that will impact retirees. After the screenings are complete, the Wayne County Retiree Association will be making their endorsements.

On Saturday, July 21, there will be a phone bank for Gretchen Whitmer for Governor at 18979 Livernois Avenue, Detroit, MI 48221. There are two (2) time slots available from 10-1 and 12-3 pm. If you have the time and are willing to volunteer, please help out.

We are still attempting to get back in front of the Wayne County Commissioners to address the prospect of increasing the retiree healthcare stipend to \$150 per month and to get a stipend for “mirrored” retirees to help offset their upfront deductibles. So far we have not gotten any response to our repeated requests for this issue to be placed back on the Commission agenda.

Finally, as many of you have probably already heard, the Supreme Court, in a 5-4 decision, ruled against AFSCME in the Janus v AFSCME lawsuit that denied AFSCME the ability to charge a service or maintenance fee to employees who did not choose to be a member of the Union to help offset the cost of collective bargaining. However, the Union was still required to represent the non-member employees in all matters of employment including disciplinary hearings and grievances. This is another example of why we must elect our representatives carefully as those representatives appoint and confirm the very judges that made this decision.

Motion by Brother Wadlin, properly supported by Brother Sockolosky, to accept the President’s report. The motion carried.

**VICE-PRESIDENT:** None

## **SECRETARY TREASURER**

### **Financial Report**

Brother Macdonald reported that the Sub-Chapter has \$124,783.22 in cash and investments as of June 30, 2018. There are 1,410 current members with 208 participating in the PEOPLE Plan and (58) members lost this calendar year due either death or cancellation.

Motion by Brother Pendracki, properly supported by Brother Hubert, to accept the Treasurer report as presented. The motion carried.

## **Secretary-Treasurer Report, Comments and Announcements**

### **Three (3) Retiree Grievances**

There are three (3) grievances filed by AFSCME and its Local Unions relating to pension issues. The three (3) grievances deal with the following issues:

1. **Pension Funding:** AFSCME takes the position that the retirement ordinance is incorporated into the various CBAs and that the Union has a right to arbitrate the fact that Wayne County has not funded the pension plan.
2. **Elimination of 13th Check:** The second grievance dealt with the changes Evans and the County Commission made when he first came into office to eliminate the funding of the 13th check, taking that money (\$32+ million) away from retirees and using the thirty-two + million dollars, in the “13<sup>th</sup> check account, as a County contribution to the pension system.
3. **Medical Insurance for Disability Retirees:** For (30) years, the County had a practice which was supported by the various CBAs and by the pension ordinance which provided that people who retired on a duty or non-duty disability pension were entitled to medical insurance as part of their retirement. In 2010, CEO Ficano eliminated this program and the Union filed an unfair

labor practice and won. The County then filed a challenge in the Michigan Court of Appeals and the Court of Appeals ruled that the matter must be resolved by way of grievance arbitration.

On March 27, 2107 Judge Susan Hubbard, Wayne County Circuit Court, issued an Opinion and Order that (1) denied arbitration on the matter of **Pension Funding**, (2) granted the AFSCME motion mandating arbitration on the matter of **“Elimination of 13th Check”**, and (3) denied arbitration on the matter of **“Medical Insurance for Disability Retirees”** stating that the proper forum was a separate lawsuit to enforce the Michigan Court of Appeals ruling. Judge Hubbard’s Opinion and Order has been appealed by both parties. The appeals are waiting to be placed on the Michigan Court of Appeals calendar (Case No. 337964). No change since our June 2018 meeting.

#### **FOUR (4) UNFAIR LABOR PRACTICES CHARGES V. WAYNE COUNTY**

There are four (4) Unfair Labor Practice charges filed by AFSCME and its local 3317 some of which relate to pension issues. These (4) Unfair Labor Practices deal with the following issues:

1. **Surface Bargaining:** AFSCME charges that Wayne County refused to bargain claiming the Wayne County Deficit Elimination Plan was all that could be offered.
2. **Regressive Economic Offer:** In 2015 the Ficano administration tendered its economic offer. The Evans Administration withdrew the its economic proposal and replaced it with a reduced economic proposal while Deputy CEO Kaufman reported to the Wayne County Commission that administration had purposely withheld information from the bargaining process that over \$60 million was on deposit at the Wayne County Treasurer in the Delinquent Tax Revolving Fund(s).
3. **Imposition of a Labor Contract:** CEO Evans imposed a labor contract on Local 3317 claiming that the Emergency Manager Statute (EMS) gave him that ability. The EMS does provide the CEO the ability to impose wages, hours and certain other terms and conditions but only after 30 days of **good faith** bargaining and only after any existing contract expires. The Local 3317 labor contract was on an open ended extension that precluded bargaining on retirement issues until 2020. Local 3317 also contend that Wayne County did **not** bargain in good faith during the 30 day period and that retirement issues are among those terms that the EMS statute provides cannot be imposed.
4. **Failure to Bargain:** Following the release of Wayne County from the EMS consent agreement by the State Treasurer, Local 3317 sought immediate contract bargaining pursuant to ACT 312. Wayne County refused to accept any dates for the required arbitration and retaliated by imposing “draconian” new working conditions. The hearings are now complete and the recommended decision by the ALJ is pending. No change since our June 2018 meeting.

#### **RETIREE COALITION TO PROTECT PUBLIC SECTOR BENEFITS**

Sub-Chapter along with the other Wayne County retiree organizations has loosely organized many public employees groups, including police and fire, into a coalition for the purpose of protecting public employees’ benefits and pensions. So far that coalition has effectively blocked anti-public employee legislation. Recently the Republican legislature has taken a new approach to disenfranchise public employees by introducing narrowly targeted bills. The legislature continues to pass anti-labor bills and even some that are a clear attempt to subvert the right of voters to amend the state constitution. With the pre-election adjournment of the legislature new legislation does appear eminent. Hopefully, we have a respite until the lame duck session of the

legislature. The same originations have scheduled a candidate screening session for July 16, 2018 from 12 noon to 8 pm at the Hampton Inn, Livonia, for local and county offices.

### **WAYNE COUNTY LAWSUIT TO SEAT EVAN'S BOARD**

Wayne County CEO Evans filed a lawsuit against the Wayne County Employees' Retirement System Commissioners (WCERS) demanding the ability to seat his handpicked WCERS Board by expanding the Board to ten (10) members while eliminating one (1) active employee Commissioner and one (1) retired member Commissioner. Following an intense lobbying effort by your retiree leadership, the Wayne County Commission intervened on our behalf. Judge Leslie Kim Smith issued an opinion on July 31, 2017, denying Evans the ability to seat his WCERS Board. Not surprisingly Wayne County has filed an appeal with the Michigan Court of Appeals. The briefing period ended on May 30, 2018. Sub-Chapter had retained legal counsel for the purpose of submitting an "Amicus" brief on our behalf, but during a conference call with our attorneys, it was decided not to file an Amicus brief since all of our issues are discussed in the WCERS and commission briefs. We now must wait on the court to schedule oral arguments which we do expect before Labor Day (Case No. 339714).

### **PRESCRIPTION CO-PAY SETTLEMENT**

This Sub-Chapter continues to reconcile stipends for the Non-Medicare eligible retirees. The latest reconciliation is through the May 1, 2018 pension payment. As of July 1, 2018, approximately eleven (11) accounts are incorrect of which six (6) are apparent underpayments and five (5) are overpayments. Sub-Chapter 38 is also attempting to gather information about the Medicare eligible stipend administration at Genesis Employee Benefits. Since December 12, 2017, five (5) grievances were sent to Wayne County demanding resolution of some non-Medicare stipend issues. Four (4) of the underpayments were part of Grievance #1. The group representing this Sub-chapter has reached a settlement with Wayne County that requires those four (4) retirees were to be made whole by May 25, 2018. Grievances #2 and #3 remain open pending additional information from Wayne County. Grievance #4 has been withdrawn due to lack of cooperation from the retiree. Grievance #5 has evolved into the underpayment; became an overpayment; and additional information is needed for the other retirees' situation. The Sub-Chapter has made an informal inquiry concerning the last underpayment. A grievance will be file for the last underpayment if the informal process does not get results.

As previously, discussed several Wayne County retiree organizations have made a request of the Wayne County Commissioners for a modest stipend increase for Medicare eligible and mirror retirees. The Commission had suggested that the stipend enhancement request be considered once the new jail project was re-started. On June 7, 2018, the Wayne County Commission passed the last of the resolutions necessary to re-start the new jail project. We almost immediately sent an email to the Chairman of the Wayne County Commission Ways and Means Committee (Mr. Joseph Palamara) requesting immediate consideration of the stipend enhancement and its inclusion in the pending 2018-2019 Wayne County budget considering that the Wayne County audit report for September 30, 2017, showed a General Fund "Unassigned"

balance of \$111,254,767. As of July 6, 2018, Mr. Palamara has not responded to our request and follow-up communication was sent to him. We understand that the Wayne County Administration is opposed to any enhancement of stipends.

**ANNOUNCEMENTS** – Sister Sandy O’Leary-MacGillis addressed the membership regarding a conversation she had with her Wayne County Commissioner concerning Medicare stipends and encouraged the membership to take the time to contact their Commissioner or attend a coffee hour or other event to ask them about the Medicare stipend enhancement.

Brother Macdonald addressed the membership regarding how voting for Michigan Supreme Court can affect retirees and how important it is to vote for the non-partisan offices.

Motion by Brother Pendracki, properly supported by Brother Wadlin, to accept the Secretary’s report. The motion carried.

### **COMMITTEE REPORTS**

**PEOPLE Committee:** Sister Julie Bauman addressed the Membership regarding recent activity by the PEOPLE Committee. The Committee did meet in June. They came up with different ideas of how to support the endorsed candidates. Brother Steve Rzeppa assisted the Committee with ideas. The phone bank scheduled for Gretchen Whitmer was scheduled this Saturday from 10 am to 3 pm. She recommended that those attending wear their AFSCME green since it an all LABOR phone bank. There will also be mailers going out with endorsed candidates. Sister Bauman also emphasized the importance of voting in the primary this year. Sister Bauman also announced the backyard BBQ to be held at the home of Phil Cavanaugh supporting Gretchen Whitmer.

Sister Kim Curry-Smith announced a meet and greet today for Gretchen Whitmer.

Sister Curry-Smith then made a motion to send Brother John McCall flowers to let him know he is loved by this Membership. The motion was properly supported by Sister Kreklau. The motion carried.

There was a moment of silence for deceased members.
